NEWS ITEMS:

Synergy Value Solutions, LLC recently completed a successful Value Methodology Module I training and Value Analysis project event for an international products manufacturer. The resulting project Value Analysis workshop produced a potential ROI of 50:1 to 100:1 from all alternatives and concepts developed.

Houston Office News

NASA PROJECTS

Synergy Value Solutions has completed several high profile projects for Johnson Space Center in Houston, Texas. One such project included creating a Strategic Infrastructure plan, which will help improve several areas of NASA Infrastructure maintenance and operations. One proposed alternative produced an ROI of 98:1. Resulting proposed value initiatives will save NASA millions of dollars over 30 years.
