Dear Mr. Sastry:

On behalf of the Department of Energy, I wish to acknowledge the invaluable assistance that Mr. Bruce Lenzer, Certified Value Specialist, from your organization, provided to our Value Management workshop in Seattle, Washington, in May. This was the first annual symposium for the Department's Federal value management points of contact and practitioners and is part of the "reinvigoration" efforts stated in P.L. 104-106. We were most fortunate that Mr. Lenzer was available to offer his facilitation skills, as well as add his process insights and observations over the course of the two days. With Mr. Lenzer's participation, we were able to accomplish our many objectives.

Mr. Lenzer's knowledgeable input to our workshop reflects well on the MACTEC Corporation and exemplifies the best that professionalism has to offer. Again, my appreciation to you for supporting Mr. Lenzer's participation.

Sincerely,
